Art Unit: 1742

1. The information disclosure statement filed April 11, 2005, fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.
2. In the disclosure statement applicant states that a copy of an office action dated October 21, 2004, for corresponding Japanese Patent Application No. 2001-130935 is enclosed. It appears that the references cited on the form 1449 are those listed in the Japanese office action. The Japanese action is dated more than five months prior to the date the information disclosure statement was filed. 37 CFR 1.97 (e) requires a statement that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William T. Leader whose telephone number is 571-272-1245. The examiner can normally be reached on Mondays-Thursdays and alternate Fridays, 7:30-4:00.
